Dear Sir:- Don't think that I have lost interest in the correspondence Concerning the "Colliers"- I have been out of the town with a very sick friend- & have just come back- Almost unfit to do any thing- & in the mean-time was waiting to hear from a Miss "Collier"- Now I am not well enough to copy the data- but want you to have what I have- hoping We can help each other- I want to say this- I am not a "Collier" by no blood Kin- but I have a family- & Children Who are all much kin & I am trying to hunt up their Collier line & data- to find-if possible- they can get up some D. A. R. papers- Any way I would like for them to have the history of their Collier Kin- & I loved my husband's people very dearly- they were elegant & cultured people- All of my husband's people are gone- except one sister who is old- & I know so little of her people- Now I shall tell you how the Colliers come in this- as far back as the family has ever told me- One

"Miss Nancy Collier" The named couple
